One thing that we can do in our fight to have Newark International Airport re-route the planes is to record each time a plane flys over our homes, schools or place of work. It is also important to call in at 645-3104 Mr. Johnston to complain because all complaints are recorded. Completed forms can be returned to Ironbound Community Health Project, 95 Fleming Ave.

TIME	DATE	TYPE OF PLANE (if known)	INCOMING or OUTGOING	WEATHER	Complaint made? Person spoken to.
